DETAILED ACTION

Reasons for Allowance

1. Claims 1-22 are allowed.
2. The following is an examiner's statement of reasons for allowance:
3. Claim 1 is allowable because a method of protecting a load against arc type faults, including the use of an electronic microprocessor based sampling type system that acquires at least two samples of the amount of current circulating through each load, and averages them to calculate a variable that establishes an arc limit, is not taught or fairly suggested by the prior of record.
4. Although Blades (US 5729145) teaches the use of a circuit to calculate a running average and arcing threshold, as stated in the Examiner's previous action, the samples taken are not of the amount of current circulating through each load, as recited in the claim, but are however, a filtered portion of a signal detected to contain characteristics indicative of an arc fault.
5. Claims 2-6, 12-18 & 20 are allowable as they depend from Claim 1, which is also allowable.

6. Claims 7 is allowable because it was rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in the Examiner's previous office action and include all of the limitations of the base claim and any intervening claims.

7. Claims 8-11, 19, 21 & 22 are allowable as they depend from Claim 7, which is also allowable.

8. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

9. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Scott Bauer whose telephone number is 571-272-5986. The examiner can normally be reached on M-F 8am-5pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Brian Sircus can be reached on 571-272-2058. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
